- Electrician Told to Use It or "Lose Job" Precipitated Down Shaft.

The Wainwright Commission resume its investigation into the employers' haability and industrial accidents in the Aldermanic chamber at the City Hail today. Senator J. M. Wainwright, Chairman of the Commission, presided.

The early part of the session was given eover to hearing complaints of the members of Local No. 29 of the International \*Brotherhood of Electrical Linemen, and Legal No. 534 of the International Workers Union of America.

Thomas A. McCoy, representing the linemen, was the first witness called. He said there ought to be a stated regulation of the placing of high tension electric wires on poles.

Injured Man as Exhibit.

As an exhibit he produced a member of the union, Niles Nelson, who came Control May Be Taken From into contact with a high tenrion wire in Canarste last year. He was badly burned and burled to the ground, surtanining injuries from which he still suffers, and which compels him to quit work every no wand then.

It was explained that the accident to elson was caused by some one turn-Ting on the carrent while he was working n "dead" wire
